

ABOUT OUR FOUNDER

Hello, I am Devon Khan.

I am a certified massage therapist with over a decade of experience both as an independent masseur and as the Manager of a top Los Angeles Spa. As a graduate of the renowned Institute of Psycho-Structural Biology I offer a unique style of massage that incorporates energy-work and Traditional Chinese Medicine philosophies into circulatory massage techniques, meant to provide "Whole-Wellness" benefits that aid in bringing balance to the mind, body, and spirit of my clients.

Testimonials

"I had the pleasure of receiving a massage from Mr. Khan, and I was very impressed by his professional demeanor and calm energy throughout the session. His approach made me feel relaxed and at ease. I especially appreciated how attentive he was to creating a comfortable environment, and his overall technique helped me feel more relaxed. Mr. Khan clearly has a passion for his craft."

"With Devon, I felt in good hands. He proceeded very consciously and intentionally. At the beginning of our session, he took time to ask questions about my complaints and listened attentively as well as patiently explained the treatment procedure to me. This put me at ease right from the start. Devons calming, warm presence naturally made me feel at ease and comfortable throughout the session. He created a peaceful energy that allowed me to fully relax and feel safe. During the massage, he checked in about pressure levels or any discomfort. He confidently found and treated areas of tension. He knows what he is doing, which was reflected in the effect of his massage treatment. It was incredible - I felt relaxed, and the headache and shoulder pain were gone after the treatment. I can wholeheartedly recommend a massage with Devon!"

EXPERIENCE ULTIMATE MASSAGE THERAPY IN THE COMFORT OF YOUR OWN HOME

Why travel long distances to find a luxury spa experience when the experience can travel to you? Devonity Mobile Massage Therapy was founded with this question in mind. Our founder, Devon Khan, and his group of seasoned professionals are ready to satisfy your massage therapy needs at the time and place of your choosing.

WHAT MAKES MY MASSAGE UNIQUE?

The bodywork that I learned taught me to generate healing energy, or “Chi”, while delivering massage, for the benefit of both me and my clients. I also educate my clients on ways that they may administer self-care to prolong their wellness between my visits.

Enjoy the same services I have provided to celebrities, luxury hotels, and both private and corporate clients including Lufthansa Airlines when I had the privilege of being included in their Crew book of services to enjoy when visiting the city of Los Angeles.
